

## **Twas Wondrous Love**

© Daniel J. Harrison, 2024

Tune: *MAXWELL (original)*

1: God so loved his world of sinners, lost  
Estranged and ruined by the Fall  
Full salvation, paid at highest cost  
He offers graciously to all

Refrain: Twas love, twas love, twas wondrous love  
The love of God did bring  
Jesus, Lord and Savior from above  
My crucified and risen King

2: Even now by faith I claim him mine  
The risen, reigning Son of God  
By his death redemption, there I find  
The cleansing power of his blood

3: Fullness of his glory, love brings in  
Now ev'ry saint to whom he makes known  
Enters blessed rest from inborn sin  
Through faith in Jesus Christ alone

4: Souls believing, onward joyful go  
There to you shall we be given  
Now a wondrous foretaste, here below  
Of life forever lived in heav'n
