

Wondrous Union (Wedding Hymn)

© Daniel J. Harrison, 2024

Tune: *RESTORATION*

1: Join we at this ceremony,
Cov'nant we anticipate
Witness sacred matrimony,
Rally swift to give them aid
Wondrous union of our origin
Canvas paints resplendent grace
Soon we'll join our Groom in Zion
Spotless, sin ne'ermore a trace

2: Rise, O groom, take heed our Savior
Teaches you to sacrifice
Very life, lay down to give her
Love, a pow'r that sanctifies
Rise, O bride, take heed our Savior
Teaches you how to submit
By your rev'rent, loyal favor
Will your souls by peace be knit

3: Rise, O church, in jubilation
For the fusion of these two
Pray their love be an oblation
To their Savior, Faithful, True
Bride and groom before us standing,
Hope filled hearts and eyes a'spark
E'er with Christ, their lives abiding
Man and wife til death do part

4: Wondrous union of our origin
Canvas paints resplendent grace
Soon we'll join our Groom in Zion
Spotless, sin ne'ermore a trace
Mirrors of glory, God's reflection
Myst'ry of the plural-in-one
Two no more, now one creation
By the Father, Spirit, Son
